# ALL THE TIME

AN INTERACTIVE VIDEO-AUDIO-WALK

BE A PART OF THE  
ARTISTIC PROCESS  
AND CREATE AN  
INTERNATIONAL  
PIECE OF ART

## WHAT IS IT ABOUT?

Would you like to time travel with us? The new Video-Audio-Walk **ALL THE TIME** by **HELLA LUX** offers a window into the endless dimensions of time. You will take a journey through space and eons of history to become a fixture of a new type of audiovisual choreography. By forming a temporary international collective, you, together with young creatives from around the world, will create video and audio clips from the past, present, and future to produce a truly collaborative art piece. Over the course of 9 sessions, you will learn the fundamentals of video and audio work, writing skills, as well as fundamentals of dramaturgical work via digital workshops, lectures, and creative exercises. Furthermore, you will discuss and create with your peers to formulate ideas and perspectives on topics we all have to face: the future of our changing environment, the future of humanity, and our place in the universe(s).

The Video-Audio-Walk **ALL THE TIME** will be the third edition of an international program created under the supervision of the German artistic team of **HELLA LUX**. We are now encouraging participants from Düsseldorf, Frankfurt a. M. (both GER), and any other city from around the world to apply for this program. If the points below apply to you, then **ALL THE TIME** is the project for you!

By collaborating through online classes, we will create a collective artistic work that will celebrate its premiere in Frankfurt, Germany, in 2022, followed by an international tour that may come to your home town. The finished Video-Audio-Walk will teleport the audience through their smartphones into different portals that will conduct a global discourse on the past, the present, the future, and everything in between.
